IEG PI NOTICE

No. 40-75

TITLE/SIGNIFICANCE:

Roof-mounted Domed Cylinders, Moscow, USSR

COMMENT: This is one of three similar domed cylinders located on roof tops in Moscow, USSR. The domed cylinders [redacted] Other ant 25X1 may be adjacent to the dome. It is suspected that they are used either to intercept and DF clandestine radio stations or that they are targeted against foreign diplomatic installations. It is possible that similar domes may exist in other major Soviet cities.
